DUMMER 10
MANCHESTER 5

The day of the Manchester game saw Dummer all set to play real baseball. For the first time this season the team showed what a snappy combination it could be. Dummer made only four errors. Every one succeeded in getting a hit.

Captain Hinds led off with a high fly that the right fielder failed to get, stole second and third, and came home on a squeeze play by Gardiner. In the fourth inning that one run was our only tally, while Manchester scored five. From then on things were reversed. In the fourth Forsberg struck out, Morse got a "Texas leaguer," stole second and went in on Watkin's single. The latter stole second and third and scored on Kuki's grounder to short. Kuki was caught off second by a throw from the outfield. Dummer began to find the Manchester pitcher and failed to score after this in the seventh inning only.

The fifth opened Chandler struck out, Hinds reached first on an error, stole second and third. Gardiner flied out to short, MacLeod hit safely scoring Hinds and reaching third on an error. A hit by Forsberg scored "Tommy" and he scored on a passed ball. Morse grounded out to the pitcher.

In the eighth the game was securely put away by Watkins, Kuki and Sleeper crossing the plate. Chandler pitched his best game of the season. Gardiner and Watkins led in the batting with two hits each.

PRIZES TO BE
AWARDED AT DUMMER

Perhaps it might be well, with Commencement only a few weeks off, to enumerate the various prizes and honors that will be given out to the more deserving Student Body. The most honored and most coveted prize of all is the Morse Flag. This honor, in the form of the Flag of our Country, is bestowed upon the member of the Graduating Class whose record in all respects meets with the highest approbation of the Faculty. The Associated Harvard Club Prize is given to the Upper Middle class whose record is the most satisfactory in the eyes of the Faculty. The Washington and Franklin Medal is offered by the Sons of the American Revolution for the greatest proficiency in American History. Each year six prizes of \$10.00 in gold are awarded for the highest standing in the following subjects; English, Classics, Modern Languages, Mathematics, Science, and History. These the called the Moody Kent prizes. Mr. Fred M. Ambrose of the class of 1876 each year gives the money for three prizes for Declaration to be awarded on Commencement Day—First Prize \$25.00, Second Prize \$15.00, Third Prize \$10.00. For the best record for the year in the Junior School, a \$2.50 gold piece

GOLF ENTHUSIASTS
AT THE ACADEMY

There are many golf enthusiasts at the Academy. Some the these are nearly as skillful as they are enthusiastic. These desired competition in large amounts. Hence the formation of a golf team.

Two matches will be played with St. John's Academy—one here May 23rd and the other at their links at some later date. Other matches will be arranged if possible.

The most promising candidates at present are "Johnny" English, "Bill" Cadigan, "Duke" Terhune, and Bill Kenney. These are practising daily and should make a good showing against any school team.

The large number of players learning the game augurs well for next year. It is hoped that a full schedule can be arranged.

THE PARKER

(With apologies to Carl Sandberg)
Dirty, muddy, tide-washed stream
With a slimy, marshy bank,
You are not a poetic dream;
Your very smell is rank.

The stinking, salty, sour perfume
That arises from your bed.
Reminds one of the cool tomb
With all its decaying dead.

A REPLY TO OUR
WORTHY ALUMNUS

Editor of the Archon—
Sir:—

Having read with attention the article on Athletics in a recent issue, it seems in order to state the school's position from quite a different angle.

However much we may differ from Mr. Somerby, it is fair to say that his criticism is always constructive. He is interested and loyal and in this respect puts many an Alumnus to the blush.

He wants more victories—wants them so badly that he advocates scholarships for athletes. Now let us call a spade, a spade; by a scholarship is understood, free tuition for athletes. Every school has each year a number of letters from boys who want to "work their way through school." These letters are almost stereotyped in form—"I play football, baseball, and basketball, was Captain last year of Blank High school football team etc." Some times they call and state their claims no money, vague as to studies passed and desired and losing interest at once when a few hours of real work daily and a high stand in class room work are mentioned. No earnest boy of ability and high ambition is discouraged if there is room for him in school. If he is an athlete, so much the better; but as long as Dummer continues under the present management, scholarships will be awarded, when we have them to give out, to SCHOLARS.

Let us put things in the right order. It's the business of a school to train the boys it has, to make teams of skillful players out of "just boys." Every boy should feel that he has a chance—that his place is on the field, not in the bleachers.

In the view of the writer, Dummer is concluding the most successful athletic season for many years. The participation in athletics was never so general; more boys have taken part in some team play than ever before. Football was a decided success in every way. Basketball was put on a proper basis by keeping the best players on the bench till their work in class came up to standard. Track was marked by three wins out of four meets. The hockey team did not score but players had no end of fun and learned a lot of hockey. Baseball started off with some of the worst defeats ever, but this team of green players will worry the best of them before the season is over.

A REPLY TO MR. SOMERBY

It is not necessary to answer Mr. Somerby's charges in detail. His wrath is that of one who wants very much to be able to point with pride to the athletic records of the Academy. But we do wish to state very briefly some points which occur to us on the subject of Dummer's athletic record.

In the first place, are our teams in such a state as Mr. Somerby describes? In the past two football seasons we have lost but one game fairly and squarely. In baseball, we have had teams worthy in every way of Dummer. Last Spring we lost only one game to a preparatory school. This season almost an entire new team had to be made. And before the season is over, we shall yet have occasion to be proud of this team. Basketball suffered during the past season partly through scholastic difficulties, but largely through the lack of experienced players and the necessity of playing most of the games on strange, and at times, weird floors. This winter we had one of the best track teams in recent years. We believe that athletic conditions at Dummer are not growing worse, but are steadily growing better.

Mr. Somerby did a needless injustice in limiting the term "all round athlete" to one boy. There are several who have taken part in two or more sports with conspicuous success. Among these are Forsberg, Ferdinand, Whalen, MacLeod, Watkins, and Jimmie Gardiner.

We believe that Dummer Academy exists primarily for educational purposes. We will not stoop to "ring-

ers". Of that fact we are proud. We feel that we have good reason to be proud of our athletic standing and reputation for clean sport. More important than this, we feel that it is necessary to be proud of our scholastic standing. We want that fact made perfectly clear to all. We want those who have graduated and those who are coming here to know that this is our feeling on this point.

We understand Mr. Somerby's point of view, however. He wishes to arouse sentiment to help the school. We wonder, too, what the athletic committee is doing. Why hasn't the athletic field been completed? Why doesn't the school start an endowment fund? Other schools have done this and are doing it all the time. Where are the Alumni? Cannot some type of Alumni Association be formed? The Senior Class has thought seriously of taking the step to start one.

Let's do something and so avoid the possibility of another lecture, just or unjust.

is awarded. Mr. Frederick H. Goodwin of New York City provides a prize of \$10.00 for the best all-around athletic record of the year. The Dalton Hamor prize of \$5.00 in gold is the gift of the class of 1921 and is awarded for the best record in baseball. To stimulate interest in Tennis, the Rev. Glenn Tilley Morse offers two prizes of \$5.00 and \$2.50 respectively to the winners of the annual Tennis Tournament in Singles and Doubles.

This, in brief, is a statement of the various honors. Take your pick, Lads.

A REPLY TO OUR WORTHY ALUMNUS

(Continued from Page One)

Best of all the healthy out-of-doors life has benefited the players, the whole school almost without exception. The boys are ruddy and well, they have gained pounds and inches and, save for a few cases of mumps, have been in excellent health. There has been almost no disorder of a general sort. All in all we consider that no one should grumble about athletics or anything else.

The school is full and will grow if more room can be found for expansion—so why worry?

C. S. INGHAM.

The Junior team is making a great record. No wonder. Do you realize that the coach, although just leaving the crib(b)age, has cast aside speculation and has been seen at practise for two successive days.

TENNIS MATCHES
WITH ST. JOHN'S

Not to be outdone by the devotees of golf, those of tennis demanded an opportunity to show their prowess.

Two matches have been arranged with St. John's Academy. If possible entries will be sent in for the inter-scholastic tournament at Harvard University in June.

The Academy will be well represented. Kuki, Boyd, and Watson will win matches in any school tournament if they have the time and courage to practise faithfully. The fourth place on the team will be filled by either "Trav" Ingham or "Al" Horr, both of whom have sufficient enthusiasm and willingness to work hard and long to make up for their lack of experience in match play. Either of these will work well in doubles with Neal Boyd.

If adequate material is available next year, an attempt will be made to arrange a full schedule.

ALUMNI

The Junior Prom just held accomplished one big thing besides giving everyone a good time. It drew quite a number of Alumni and ex-Dummerites to the scenes of their former scholastic activities, the class of 1916, whose members have long been absent from the portals of Dummer, was represented by T. Stewart Brush, son-in-law of our Head-master. Everybody received a pleasant surprise on seeing Moreland Wetmore, class '19. "Steve" Marsh, '20, "Charlie" MacMahon '20, and "Benny" Pease '21, were at the prom and, we are glad to add, have graced the Campus with their presence quite frequently this Spring. Storer Humphrey '22, "Johnnie" Morris '23, "Don" Ciley, "Teddy" Nash, and Paul Jones ex-members of 1924 were also with us and enjoyed themselves as of yore.

It certainly is fine to see the Alumni taking an interest in the school and school activities and to be able to point out a dozen or so handsome men at a Prom and say "Those are our Alumni." It is to be hoped that the Senior Prom on May 17th will bring out these former South Byfielders in greater numbers than ever.

With the coming of Spring the Dummer youth, like all country yokels, reach for the weed.

"What Ho" the King's course at the D. S. C. may be regarded as a flunk. He could not find the pipe Tuesday night. The "Expert" says that it was "vacuum trouble."

DUM-DUM CORNER

"Val" had a narrow escape on the Pike. He almost collided with a Lizzie.

Railroad shirts have been followed by "dumb-bell pants."

The golf coach has been molding bunk (er) practice in doors.

Hinds needs to go to bed earlier. He was found asleep on the "hot-corner" in Concord.

Our "Cap" says he needs a bat to win the game. No game was never won on a bat.

Mr. F-t will very shortly give a lecture on "The Power of Gas to Broaden One's Sphere".

Our pitcher was unused to the mound by "the arched bridge the spans the flood." He prefers a hole to a pedestal.

"Narrative and Lyric Poems for Students" is showing its influence on the mind. Our scribe from Great Neck has come "through the gate" and "found sermons in clams, books in the running tides, and some good in everyone." He offers the following with apologies to no one, not even Carl Sandbag or Barbelle Sandow.

Ideal Characteristics of:

"Pop" Farrell—Puns
Dr. Ingham—Week-ends
P. B. Skerrye—Advice to the Love-Lorn.

MIDDLESEX32, DUMMER 9.

Wednesday May 14th, our team journeyed across country to where "the embattled farmers stood". But unlike the ancient men of Concord they failed to stand their ground and were put to rout to the tune of 32-9. Poor box work and poor support led to our downfall.

Dummer made a good start with a double by Hinds, another by Gardiner and then Watkins made one for three. Four runs were scored in this inning. In the second inning the team went to pieces and Middlesex put over 9 runs. In the fourth and eighth more bad work and the game ceased to be anything but a procession for the Concord boys. After the first inning Dummer seemed to be completely lost, and looked like a lot of Primary school ball players.

THE JUNIOR BASEBALL TEAM OPENS ITS SEASON

May 7th Coach Webber's charges opened their season with the Jackman School of Newburyport. The game was called at the end of the sixth in order to allow the visitors to reach home before bed-time. The Juniors were on the short end of the score but showed promise of improving before the season is over. Flanders, Woodbury, McKinley and Haley excelled for the home team while Hawkes, Cahill, and Little were the bright lights for the visitors.

The score Jackman 13 Juniors 11.

JUNIORS 19, DAUNTLESS 4

The Dummer Juniors buried the Dauntless Nine of Newburyport in a 19-4 game on Thursday afternoon May 8. The Juniors showed a great improvement over their last game which they owe to their coach Mr. Hebber. The opposing team was very weak although they were exceedingly large compared to the Juniors and they showed much lack of practice, making many errors throughout the game. The game was called in the sixth inning owing to a late beginning.

Shoes are no longer a mere accessory of dress—they are a prominent factor.

No nation in the world is as "well shod" as America. No nation makes such good shoes. No nation has such an enlightened body of merchants selling those shoes.

No nation has such a good shoe paper as the Boot and Shoe Recorder.

A good business paper and a good business condition usually go together.

CAESAR AND "CIC"

The study hall is long and bright, And at the end, in plaster white Stand Caesar and "Cic," a joyous sight.

Caesar was a soldier bold He had the Gauls all buffaloeed. I know his long face fold by fold.

"Cic" was an orator and used to speak; He on Catiline his ire did wreak. And he was rather long of beak.

There they sit, year in, year out, And I'll bet they'll welcome with joyous shout That day in June when school lets out.

Caesar, the warrior, who now does squeak, When rubbed with chalk upon his beak; And "Cic," who wrote and used to speak Orations that torture students meek. P. C. '25
